

Dear Kindergarten Parents,

I have put this reading packet together to help encourage summer reading. Please help your child this summer by asking them to read or read to them every day for at least 20 minutes.

Students who read every day for 20 minutes over the summer will have read for over 1,500 minutes during their entire summer. I am asking that you complete a total of 15 books and record them on the log given. I am also including some bookmarks to color and a reading challenge to help them feel excited to read!

I encourage you to take an active part in your child's learning and use this packet to help them stay on track and motivated to keep reading. Please choose books your child is interested and will be encouraged to complete! I am recommending books that I think are great transitional books that touch on some of the different emotions that can come with starting

Kindergarten!

Happy Summer!
